Dear Parent/Carer

I hope you are all well and that you have been able to enjoy some of the superb weather over the last few days. Last week we received guidance relating to the wider opening of schools for Year 10 students, from Monday 15th June.

At this time, from 15th June, we will offer students the opportunity for some face-to-face support to supplement the current remote education. The guidance is clear that remote education will continue to be the predominant form of delivering until the end of the academic year.

Students return will take the form of subject specific mentoring (subject discussion held face-to-face) where:

- Students attend a booked appointment with subject teachers to discuss progress (no more than 25% of cohort).
- Curriculum content is discussed to probe understanding of the remote work set.
- The conversations are used to inform future planning and next steps.

Our aim is to identify gaps in subject content, address key issues and support remote learning further. From today, 1st June until 5th June, all Year 10 students will receive a telephone call regarding their return to school and we will ask questions around medical issues, well-being and progress to date. Once this has been completed, and the number of students returning has been confirmed, we can plan the return accordingly.

I will write again w/c 8th June to relay specific plans and personal meeting times. Rest assured we will make the return as safe as we possibly can for students returning to school and I will share these details further next week.

Yours sincerely

D Postlethwaite
Headteacher (Acting)
