April 2020

Dear Head Teachers, Form Tutors, and School Admin Staff,

We are sure, like us, you are beginning to receive queries from some parents with concerns around their children having missed the HPV vaccination this term due to the present Covid 19 crisis.

You will of course understand this is new territory for us all and at present we are unable to give definite dates for reinstating our immunisation programme, until we receive Government guidelines on when restrictions will be lifted and schools reopened.

We therefore request if possible that you reassure parents of our intention to complete the immunisations as soon as we are able and will be in touch with all schools as soon as alternative dates can be made available.

Please be assured that we will endeavour to complete both the HPV for years 8 and 9 and the DTP/Men ACWY for year 9, as soon as possible.

We will be in touch after we receive clear guidelines on the way forward.

Many thanks for your cooperation during these challenging times.

If there are further queries from parents or yourselves, please direct them to our Immunisation Admin team on 0300 123 4607.

Many thanks

Fiona Campbell, Professional Lead

School Nursing Immunisation Team
