

Homework Guidance for Students

1. Plan your study time sensibly to allow you to complete all work set.
2. Try to do the homework on the day it is set so that your work doesn't build up and you are left with lots to do later in the week or the weekend.
3. Ask your teacher if you don't understand the work.
4. Clear a space to work at home and make sure it's comfortable.
5. If you know you are going to be unable to complete your homework by the deadline, see your teacher in advance of the lesson.
6. Don't make up excuses about your homework. Staff appreciate being told the truth.
7. Make sure all of your homework is logged in your planner.
8. Homework is an important part of your learning so make sure your attitude is positive and effort levels are high.
