

# FLASHCARDS

In easy steps

# Portable and Easy to do!

- Do them yourself!
- Quizlett
- Studyblue
- FlashcardMachine

# Method of Self Testing

- Key Facts
- Theories
- Vocabulary
- Definitions
- Processes
- Events

# How will this benefit you?

Type of Learner	Visual	Audio	Kinaesthetic
<b>Benefits for you</b>	Pictures, words, colours, maps, diagrams.	Use them to <b>explain</b> and for others to explain to <b>you</b> .	Use them for interactive revision games – physical act of <b>turning cards over for answers</b> , create a <b>jigsaw</b> with them to build a topic.

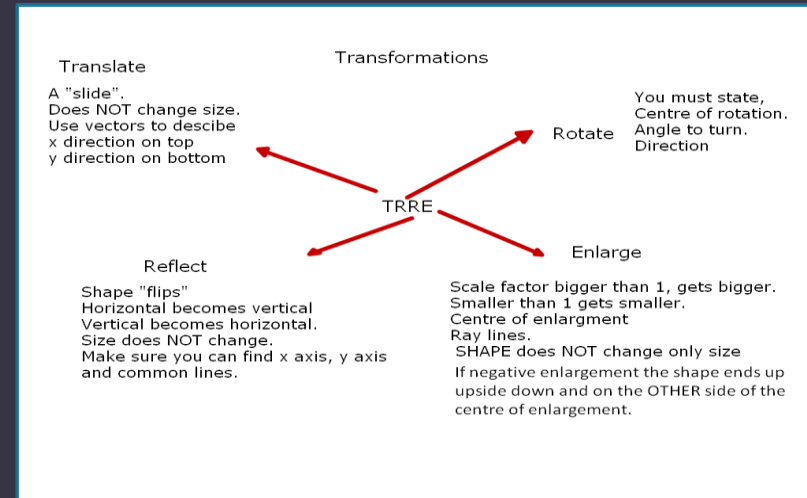

# Distributed and Interleaved Practice

- Organise your topics into flashcards
- Rotate your learning
- Begin to pile up **what you know** and what you **need to know**

# Engages Active Recall

Studying flashcards burn information on to your brain!

TRREE

# Engages Active Recall

Studying flashcards burn information on to your brain!

## Offside Rule

Ball played forward to A  
If RP level/behind last DP is onside.  
AP is ahead of last D at time ball is  
played = offside.  
Unless the ball is received from a throw  
in or ball is played backwards away  
from A area.

Attack, Receive, Defender

## Explain the Single Circularity system

Low pressure, flows around the body in a single circuit – has 2 chambers, deoxygenated blood is pumped into the body eg: fish.

# Step 1 – Keep it simple

- Questions
- Key vocabulary
- Must make sense to YOU!

# Step 2 – Be visual

- Use colours
- Diagrams
- Annotations
- Mini Mindmaps

# Step 3 – Open Questions

- How
- Why
- Explain
- Describe
