Dear Parent/Carer

Ofsted Inspection Report

I am writing to inform you that we received our Ofsted Inspection report this morning. You will recall that the actual inspection was undertaken just before the Summer break in July.

A copy of the report will be on the national Ofsted website next week, but we have placed a copy on our school website today so that you are able to read it. If you do not have access to the website, or require a paper copy, you are very welcome to contact the school.

In the current climate in terms of education and inspection we are pleased with the report, which assesses our strengths but also gives us clear areas to focus on. When you read the report, you will also see that Ofsted recognised that our school already has plans in place to work on our areas for improvement.

During the inspection, our students were a credit to you as parents/carers and to us as a school. The behaviour of students is specifically commented on in the report and we are particularly proud of this. I am also grateful to those parents who took part in the inspection through Parent View.

In the next week or so, you will be receiving some information regarding changes we are going to make to ensure that the priorities identified within the report are focused on straight away.

Finally, dialogue with parents is something that I continue to encourage and so I would like to take this opportunity to remind you that you are able to contact me directly by emailing brette@ruskin.cheshire.sch.uk

Many thanks for your support.

Yours sincerely

E S Brett
