Dear Parent/Carer

In my short time as Year Achievement Manager for Year 7 I have dealt with many of you and would personally like to thank you for your continued support and co-operation towards your child's progress. Your child's first academic year is nearly complete and what a hugely successful one it has been.

I have been extremely proud to see many Year 7's flying the flag for the school in a wide range of activities this summer term. Whether it be on a sporting front, competing in the Enterprise Challenge, the Music and Performance concerts or helping with the Year 5 & 6 transition events, all must take great credit for our successes.

You will have received a number of short reports and one long report in May; containing important information regarding your child's attainment, progress, effort and general conduct in school. I urge you to discuss these with your child and contact me if you have any queries relating to them. I feel as a school we are entering exciting times, post a very successful OFSTED visit, and the current lower school will be a fundamental part as we grow even stronger over the coming years.

It can be easy as a school to overlook the hard work of the vast majority of students but I am pleased that we are spending the last few days of term celebrating the successes we have achieved together. Students are having the opportunity to enjoy themselves. Whether this is off site at Splash Landings or the Odeon cinema or whether they have opted to take part in the World Cup or something else here at school, I am sure everybody will take great pleasure in whatever they have chosen.

If you are looking for ways to entertain your child during the summer holidays, the Cheshire East website, www.cheshireeast.gov.uk, provides information relating to activities across the county during the summer holiday period. Alternatively you can call the Family Information Service on 0300 123 5033.

I have thoroughly enjoyed working with the Year 7 students since Easter and can confirm that I will continue to oversee their progress as they start what is another important but exciting year in September. I am sure they will return refreshed and eager to make Year 8 even more successful than Year 7.

Until then I wish yourselves and your child a safe, enjoyable and hopefully sunny summer holiday!

Yours faithfully

Mr E Ledwards, Year 7 Achievement Manger
