

SHARED VISION FOR RUSKIN COMMUNITY HIGH SCHOOL

'You do not educate a man by telling him what he knew not, but by making him what he was not'.

- To be an oversubscribed, well-resourced Community High School, which has a good reputation and a central place in our neighbourhood.
- To be a high performing school which serves its students and staff well, ensuring that they achieve, participate and, where possible, exceed expectations in anything they do.
- To be a school where high standards and a traditional ethos pervade, where learning and teaching is excellent, potential is realised and where partnership and respect is mutual.
